

# Transferring money from Derivative Securities Trading Account at FPT S to margin collateral account at VSDC

There are two methods you may follow below:

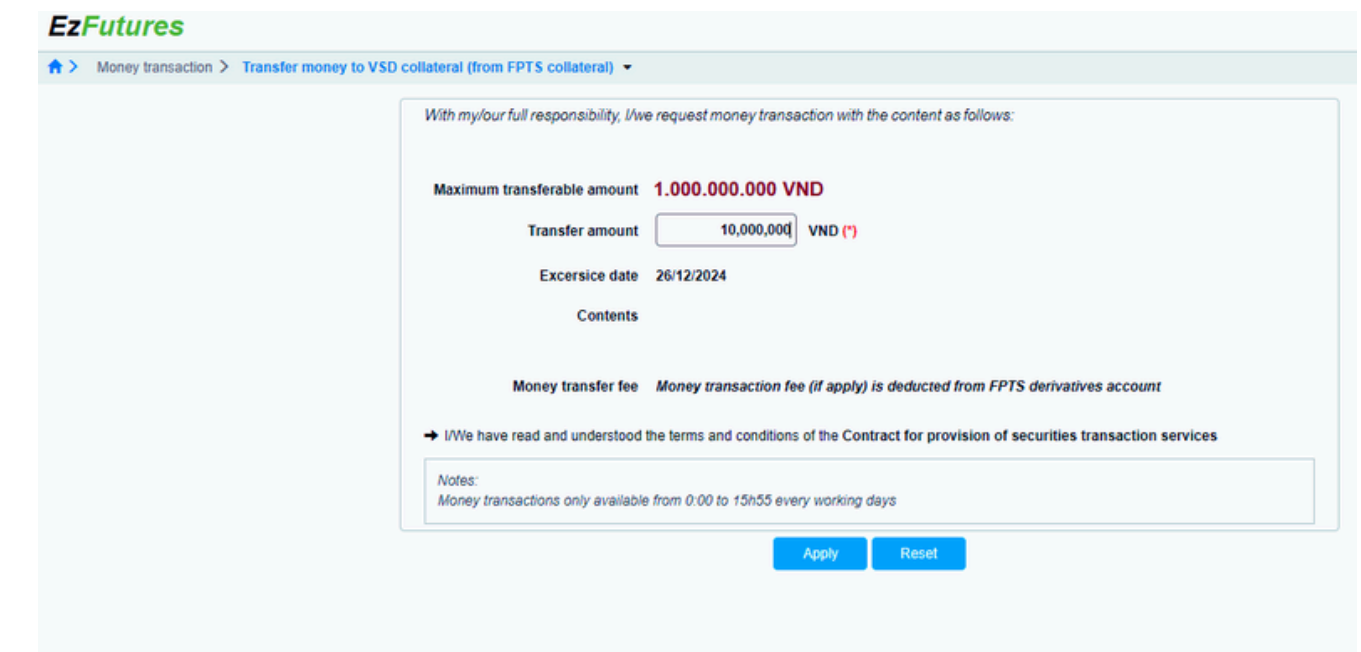

## App EzMobileFutures

- Login **EzMobileFutures** app
- Select **Transfer/Transfer money to VSDC collateral (from FPT S collateral )**
- Enter the amount of money you want to transfer
- Confirm and enter **OTP** code to complete the transfer
- Time for online money transfer: 00:00-15:55 on working days

## EzFutures

- Login your account on: <https://ezfutures.fpts.com.vn/>
- Select menu, **Transfer/Deposit money into VSDC collateral account (FPTS derivative account)**
- **Amount:** Enter amount of the money you want to transfer (not exceed transferable value).
- Select Execute and the **OTP** code to complete the transfer.

With my/our full responsibility, I/we request money transaction with the content as follows:

Maximum transferable amount **1.000.000.000 VND**

Transfer amount  VND (\*)

Exercise date 26/12/2024

Contents

Money transfer fee **Money transaction fee (if apply) is deducted from FPTS derivatives account**

→ I/We have read and understood the terms and conditions of the Contract for provision of securities transaction services

Notes:  
Money transactions only available from 0:00 to 15:55 every working days

- **Note:**
- Time for online money transfer: 00:00-15:55 on working days.
- To minimize margin asset management fee at VSDC, FPTS recommends you withdraw all your margin collateral at VSDC to the derivative account or keep margin collateral balance at least 1.000.000 VND
